Dear Judge,

I am writing to you today to ask for leniency in sentencing my family member. I know that they have made some bad choices and that they need to be held accountable for their actions. However, I believe that there is more to them than their crime. They are a kind and caring person who has been through a lot in their life. I believe that with the right support, they can turn their life around and become a productive member of society. I ask that you please consider this when making your decision and give them a second chance.

Thank you for your time and consideration.

Sincerely,
