To Whom It May Concern:

The last four years I've known [Friend's Name], he has been a great friend and prosperous businessman. He treated me like family when we worked together in Thailand; through his generosity, kindness to myself as well as other people that came into contact with him during my time there made it feel like home not only for myself but also those around us who were experiencing hardship overseas at the moment too.

When you meet someone so kind on every level--from their personal interactions all across town or countrywide depending how far away they live--to what can be seen online due diligence is done beforehand before placing trusting trustors hands onto anyone's shoulder. This is why I highly recommend my great friend and yours, [Name of Friend].

Not only does he have a heart of gold, but he knows how to get the job done too! He's always on top of his game whether it's work or play. I know that you'll be in good hands if you choose to work with him. He's always got your back, and he'll never let you down. I wish you all the best, [Name of Friend]. You deserve it!

Sincerely,

[Sender's name]
