To Whom It May Concern:

It is with great pleasure that I recommend [Name of care provider] in-home child care center to you. My husband and I were overjoyed and overwhelmed to discover six years ago that we would be having twins. After the birth of our twin daughters, I left the workforce for a full year to stay home and care for them. We were so blessed to have found [Name of care provider]'s in-home daycare when we decided it was time for me to return to work. [Name of care provider] has been watching our girls grow and develop into their own little individuals under her care has been an absolute joy for us.

Above all, we have always felt confident and comfortable leaving our girls in her care. We know that they are safe, loved, and well-cared for whenever they are there. We highly recommend [Name of care provider] as a child care provider and know that she will be a loving and nurturing caregiver for your children as well.

Thank you for your time and consideration.

Sincerely,

[Your Name]
